

Script for Follow-up Calls to Tribal Leaders

Identification of who you are

I am calling to follow up on the letter dated July 8, 2019 the EPA mailed to President/Chair[wo]man/Governor ____ about consultation on the proposed Dewey-Burdock uranium recovery site near Edgemont, South Dakota. The letter mentions the EPA is particularly interested in receiving input from the _____ Tribe on environmental justice issues and treaty rights. I calling to see if the _____ Tribe is interested in scheduling a consultation meeting with the EPA.

If the answer is "no"

The opportunity will be available if you would like to schedule a consultation meeting at some time in the future.

If the answer is "yes"

Do you **or** Does President/Chair[wo]man/Governor _____ have a timeframe in mind for when you would like to schedule the meeting with EPA?

If yes on timeframe: I will pass that information along to the EPA and check with the EPA on availability.

If no on the timeframe: I will work with the EPA to identify some proposed time frames and email them you to see if any work with your schedule.

Does President/Chair[wo]man/Governor _____ have a designated contact for me to communicate with in the future? *[get name, phone number and email]*

The EPA will travel to your office to hold the meeting. Where would you like the meeting to be held?

[Note: We could set up a web conference, if they would like that, but face to face meetings for consultation are our preference and usually the Tribes prefer that, too.]
